Dear Chairman Martin and Commission Members:

On behalf of the "Scottish Community in Las Vegas", I want to thank you for the support that CBS Radio has given to us over the past several years by advertising our events with PSA's on our behalf.

Not only has this resulted in more people attending our cultural events, but has given the community at large an increased awareness of the importance that the Scots have played in the overall development of the United States, from the writing of the Declaration of Independence and signed by many citizens of Scottish descent, and based on the Scottish Declaration of Arbroath of 1320, to the present day nationwide celebration of Tartan Day on April 6th of each year as declared by the United States Congress.

Your continued support has also benefited the other Scottish groups in the Las Vegas Valley as well. These include the Las Vegas Highland Dance Association, Desert Skye Pipes & Drums, the Las Vegas Celtic Society, and the Scottish American Military Society.

We appreciate all you do for us and look forward to this continuing in the future.

Sincerely

Rosemary Thom
